Dear Madam:

Enclosed are some instructions which President Wilson has had me send to all club owners.

In previous years at E--W game it has been customary for the Treasurer to have reports up to date of all monies owed by the League and owed to the League including May, June, July August; a final settlement is made at this time.

I am not attempting to run the Treasurers business, but I thought I would remind you of the actions in former years so each club could be contacted and requested to turn in a report of all monies paid League umpires; also transportation paid so you could get this data in time to have your reports straight by the time of E--W game.

I will also send in my expense to date so you will have it.

Regards to Abe.

Yours,

Cum Posey.
